BILL TO

CastraNova

Bangkok HQ + Yangon Warehouse

Attention: Bangkok admin team

VAT / Tax ID: _____

Line Items

#	DESCRIPTION	AMOUNT
1	CastraNova POS v1 — End-to-end system development (<i>Mobilization milestone — 50%</i>) Per PRD v3.0 scope (FR-001 through FR-020), including the small AI integration. Trigger: quotation acceptance signed + PRD v3.0 sign-off.	\$500.00 USD
2	CastraNova POS v1 — End-to-end system development (<i>Delivery milestone — 50%</i>) Trigger: production cutover + start of the parallel run with existing spreadsheets.	\$500.00 USD

Subtotal	\$1,000.00 USD
VAT	Not applicable (international services)
Total Due	\$1,000.00 USD (≈ ฿35,000 THB)

What's Included

This invoice covers the full PRD v3.0 scope:

- Catalog, pricing, suppliers, customers, projects, and user management
- Serialized + commodity (FIFO batch) receiving at Yangon
- Sale · On-site maintenance (recorded at warehouse) · Project Pull workflow
- Pricing overrides with admin approval queue
- Admin-only Stock Adjustment (FIFO-aware)
- Stock-on-Hand dashboard · Monthly channel margin report · Holding-period report · Search & lookup
- Low-stock alerts · PDF + Excel exports across all views
- LINE + Viber notifications with per-user opt-in
- Append-only audit trail with dual-actor tagging on Project Pulls
- Customer & Project detail dashboards with role-tiered access
- **Small AI integration** complementing the core workflow
- Deployment to Hostinger VPS, catalog seed import, LINE/Viber bot enrollment for first 10 users
- Two-week parallel run with existing spreadsheets
- One-day on-site training per office (Bangkok + Yangon)
- 30 calendar days of post-launch bug-fix support

What's NOT in This Invoice

- Hardware (Bluetooth scanners, label printer, label rolls) — invoiced separately or procured directly by CastraNova
- Hosting subscription (Hostinger VPS, domain) — invoiced separately or subscribed directly by CastraNova
- LINE Messaging API charges beyond the free tier
- Any change order beyond PRD v3.0 scope (priced by mutual agreement per Quotation v2.0 §9)

Recurring Charge — Monthly SLA Agreement

Starting **from month 2** (immediately after the 30-day post-launch bug-fix window included in the project fee), CastraNova continues onto a **monthly Service Level Agreement** for ongoing support and maintenance.

ITEM	AMOUNT
Monthly SLA fee	฿5,000 / month
Start date	Day 31 after production cutover (immediately after the included 30-day window)
Billing cycle	Monthly · invoiced on the 1st of each month · payable within 14 calendar days
First monthly invoice number	KWG-CN-2026-XXXX-SLA-001 (<i>numbered sequentially each month</i>)

What the monthly SLA covers

- Bug-fix support for any defect traceable to the v3.0 scope
- Monthly system health check (logs, backups, hosting status, notification delivery)
- LINE / Viber bot enrollment for new user accounts as CastraNova adds staff
- Admin runbook updates as the system evolves
- Same response SLAs as the included 30-day window: critical fixes within 1 business day, non-critical within 5 business days

What the monthly SLA does NOT cover

- New features or scope changes beyond PRD v3.0 — those are change orders, priced by mutual agreement per Quotation v2.0 §9
- Hardware repair or replacement (vendor responsibility)
- Third-party API outages (LINE, Viber, Hostinger) or behaviour changes

Terms

- **Minimum commitment:** three months once activated.
- **Termination:** 30 calendar days written notice from either party after the minimum commitment.

- **Pause or skip:** if CastraNova wishes to pause the SLA in a given month, written notice 14 days before that month's billing. Resumption requires written re-activation.
- **Opt-out:** CastraNova may decline the SLA entirely. In that case, post-month-1 support is handled ad-hoc — KWG and CastraNova agree on a price per request before any work starts.

By approving Invoice KWG-CN-2026-0602-INV-001, CastraNova acknowledges and accepts the monthly SLA terms above unless explicitly opting out in writing before the end of the included 30-day support window.

Payment Instructions

1. The **mobilization line item (\$500 USD)** is due upon signed quotation acceptance.
2. The **delivery line item (\$500 USD)** is due upon production cutover + start of the parallel run.
3. Each milestone is payable within 14 calendar days of milestone trigger.
4. Bank details (account name, account number, SWIFT, currency) — see the bank-details scan attached to this invoice.

Acknowledgement

By paying this invoice, CastraNova acknowledges that the deliverables described above will be provided per PRD v3.0 ([2026-06-02-castranova-pos-v3.0-prd.md](#)) and Quotation v2.0 ([2026-06-02-castranova-pos-quotation-v2.0.md](#)).

For questions about this invoice, reply to the K W G project lead or contact K W G directly.
