This is an estimate, not a final invoice. All hardware amounts below are indicative prices based on current Thailand-distributor catalogs as of 2 June 2026. Final amounts will be confirmed with CastraNova after K W G obtains live vendor quotes and before any purchase order is placed. Prices may move up or down based on stock availability, bulk discounts, and current promotions. K W G procures at pass-through vendor cost — no margin is added. Vendor receipts are provided on procurement completion.
